<b>Title:</b> Responsible Procurement Statement		

## Responsible Procurement Statement

Onwave's commitment to Social Value and Corporate Social Responsibility includes our procurement activities. Our wider aims in this regard are detailed within our Corporate and Social Responsibility Policy with procurement a key aspect of this. We understand that our procurement choices are an opportunity to ensure we deliver a positive social and environmental impact and carrying out our business in a sustainable, responsible manner will support our goals.

Onwave are committed to the following values when engaging with new and existing suppliers.

- We pay all our suppliers within 30 days of agreed invoice or in accordance with agreed supplier terms.
- We look to achieve at least 35% of our spend with SMEs.
- We aim to procure services locally to the site requiring services or the Company headquarters, where available, and value for money.
- We will only work with Suppliers that have a similar ethos and policy to social value, sustainability and modern slavery as Onwave..
- We expect our Suppliers to treat their Suppliers in a fair manner, including in relation to payment terms.
- We will provide assistance to our Suppliers where required and requested in relation to Social Value issues.
- When carrying out procurement for new products and services we will take due regard of the United Nation's Sustainable Development Goals
- We will work with Suppliers that have an equality, inclusion and diversity policy which is aligned to that of Onwave. We will engage with our Suppliers to ensure that they promote an equal, diverse and inclusive culture.
